Danube Business Talks October 2021

Discussion:

- Short introduction
- Administrative processes on board
- History in short
- Way to move into the future
- Obstacles and achievements
- Steps to make to anchor the future now
- Conclusions

Over 2000 members active inland waterways as skipper/  
owner(s) of barges for freight and passenger transport

Area of operation: European waterways, we go where rivers and  
canals brings us (and cargo owners pays us to go)

# Administrative Processes, seen from the wheelhouse

History in Short:

Radio communication

On land to collect-pay-exchange paperwork

Steps into digitalisation

Transponder

River Information Services RIS

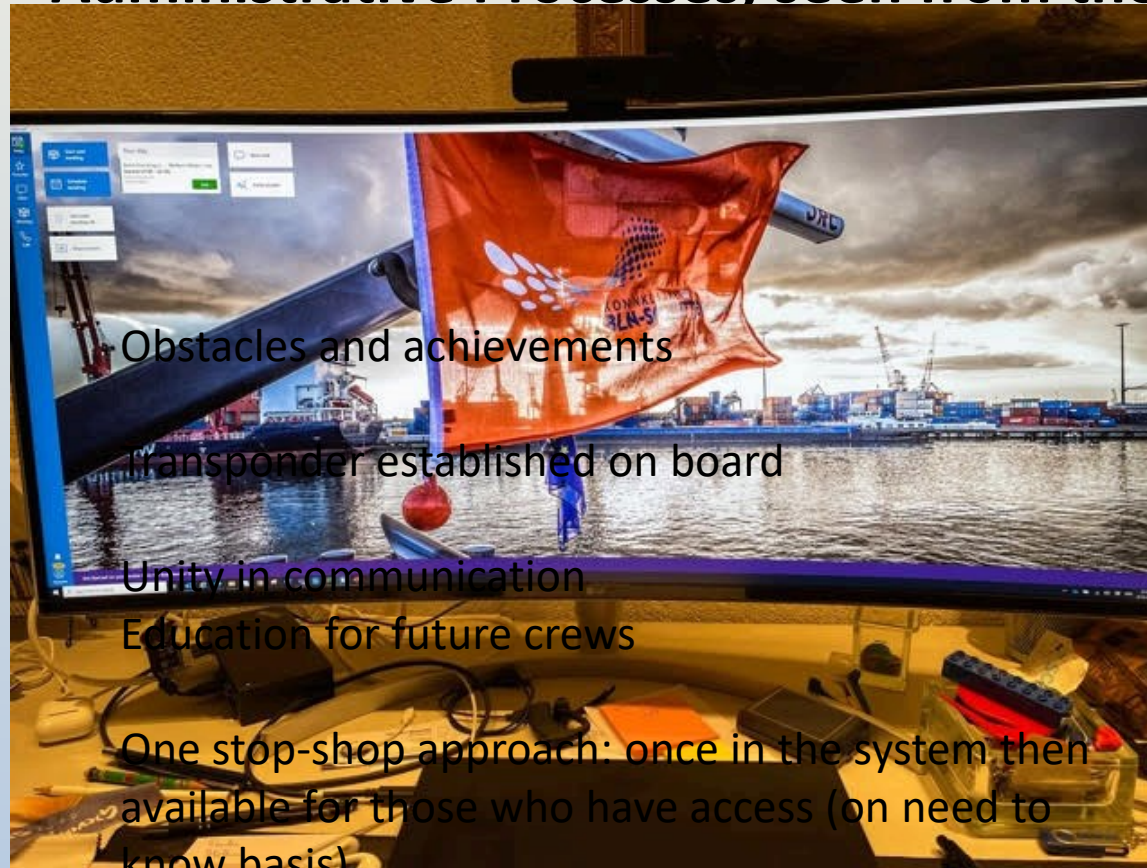

Reducing bureaucracy on board and ashore

Concentrating on Captain being captain
